Food Trucks are explicitly prohibited from City Parks with no motor vehicle access, without express written consent from the Parks Division.

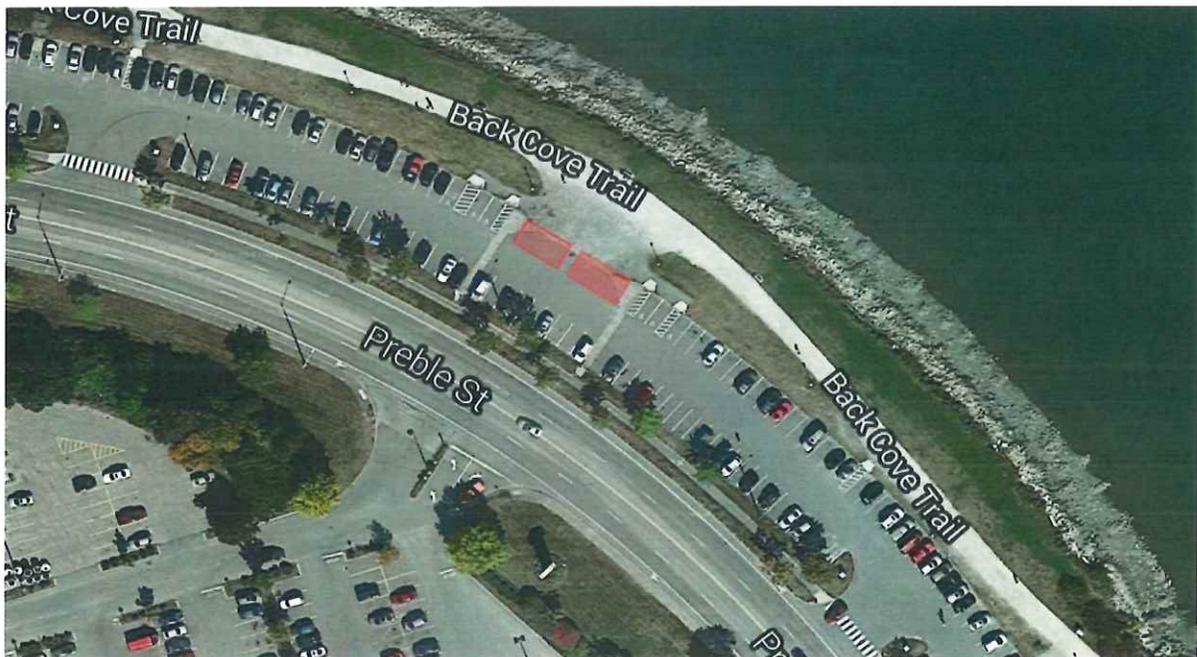

Customer lineup areas may not extend into walkways or roads at any location.

Parks Division Staff, Police, and City Code Inspectors shall have the authority to request a food truck to relocate if, in their opinion, the food truck is causing or contributing to an imminent public safety hazard.

During Special Events in Parks, the rules for the Park in question are temporarily suspended for permitted area and Food Trucks must abide by the locations and any additional fees set forth by the Event organizer.

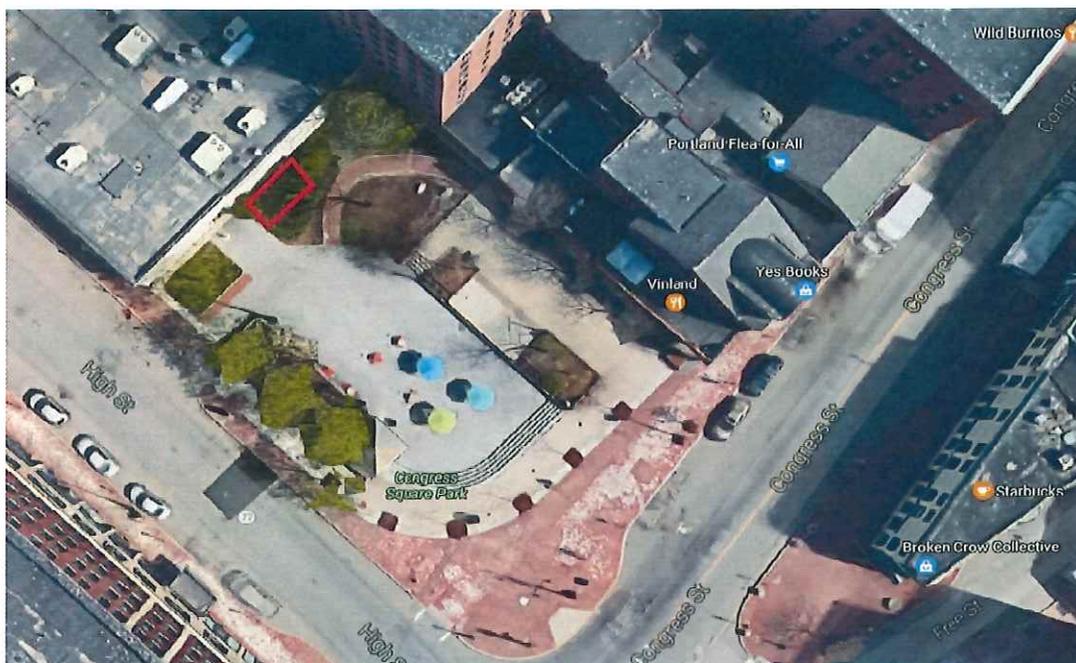

Back Cove

Two food trucks may operate along the curb ramp of the stonedust area between the handicap parking spaces noted in image below. Trucks must be parked parallel to the Back Cove Trail and must not block access to the ADA handicap ramps to the path. Trucks must park so that two trucks can fit in the provided space. Customer serving windows must face the Back Cove, not the parking lot.

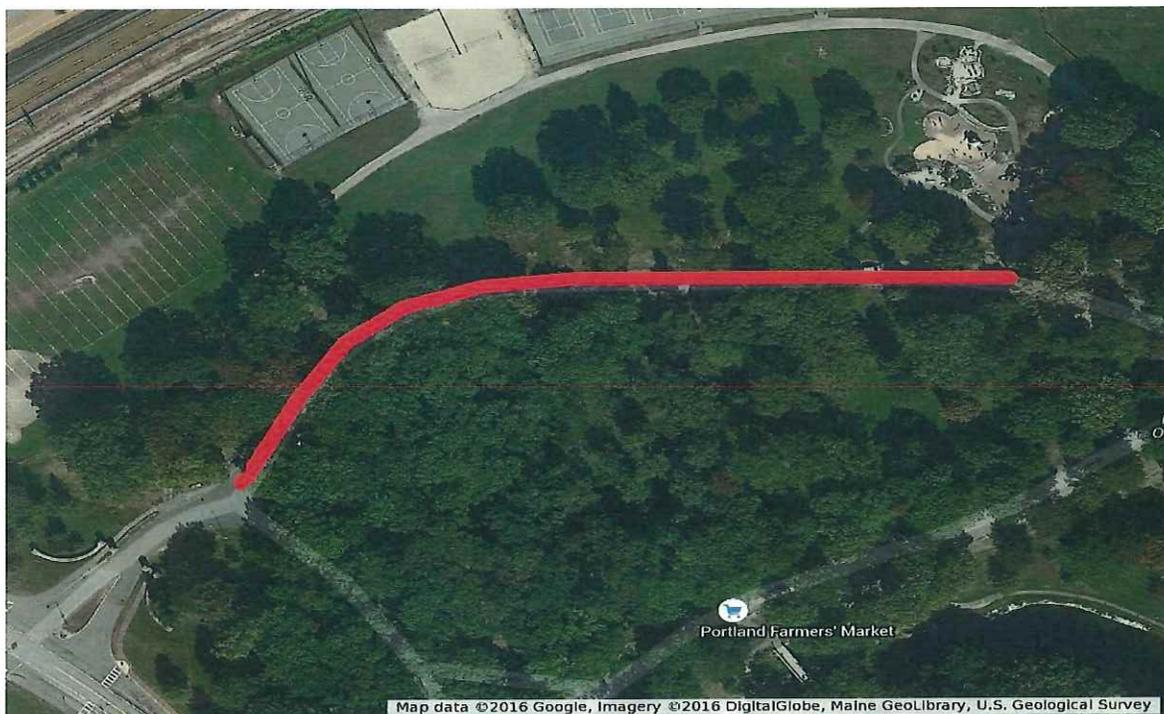

Congress Square Park

One food truck may operate along the northwest edge of the park, parallel to the hotel wall.

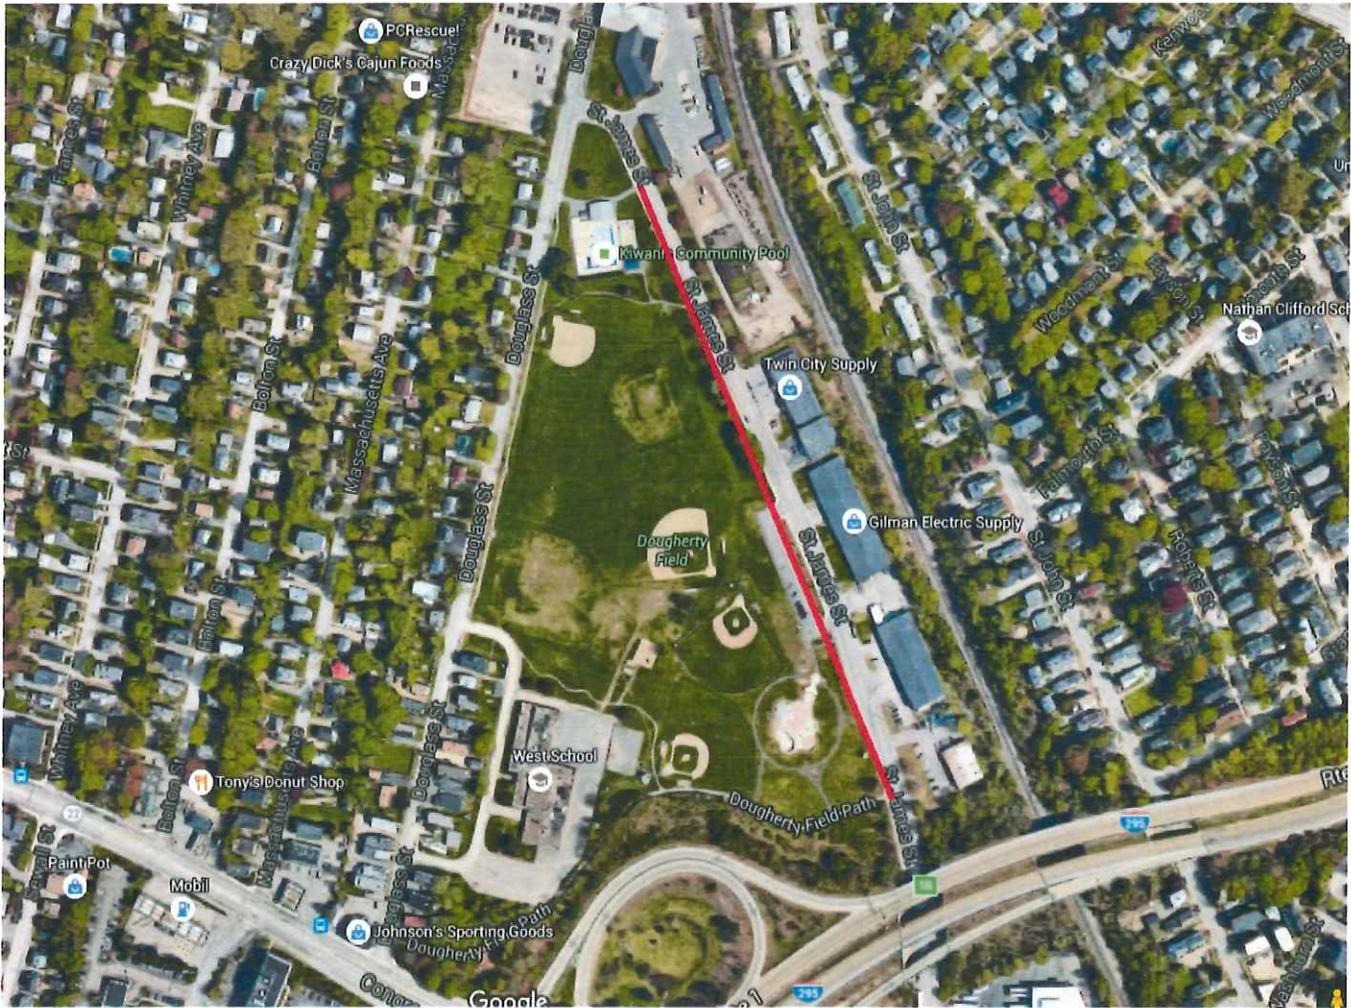

Deering Oaks Park

Two food trucks may operate along Tennis Court Road (the one-way park road running West to East from Deering Ave to State St. extension) in the zone from the Deering Avenue gateway to the playground entrance.

Dougherty Field/Kiwanis Pool/Skate Park

Three food trucks may park and operate in any available legal parking spot on St James Street from I-295 to Douglass St, adjacent to Skate Park and Athletic Fields.

- Upper Parking Lot: One food truck may take any legal parking space in the upper parking lot on Cutter Street (the first parking lot on the right as you descend Cutter Street from the Eastern Promenade).

Food trucks may use any legal parking space along the curb and must not take up any boat or trailer parking spaces.

Lincoln Park

No vehicular access in park. Food trucks already permitted along Congress Street (adjacent to Lincoln Park) per guidelines in section 2a.

Payson Park

Food trucks may park in any available legal parking spot within any parking lot, with no more than one food truck per parking lot. Food trucks may take one additional parking spot to accommodate lineup area.

Additionally, the food truck shall obtain a Night Vendor's License from Business Licensing.

The Portland Police Department has the right to close down or request a food truck to relocate after 10 p.m. when in the opinion of the Department, the food truck vending is causing or contributing to an imminent public safety hazard.

8. In addition to complying with the City's ordinances related to food trucks and these regulations, the owner and operator of a food truck is responsible for applying and obtaining all other necessary city licenses required for the service of food and beverages. 9. Food truck locations, other than those on private property or those permitted through the City's competitive bid process, are based on a "first come, first served" basis. There will be no designated parking spots for food truck vendors.
10. On public property, where food trucks are permitted to operate, food trucks shall comply with all parking rules, except that food trucks otherwise operating lawfully and actively offering food for sale on city-owned property may, in any twenty-four (24) hour period, "feed" a parking meter once to extend the maximum parking time by two times (2x).
11. Food trucks may not be parked overnight on city streets or in city parking lots.
12. Size limitations: Food trucks must not exceed ten (10) feet in width, including any side extensions or awnings. Food trucks parking in non-metered parking spaces on city-owned property must not exceed twenty-four (24) feet in length, including the length of the trailer hitch, trailer, or other extension. If the food truck is parked on private property, then the food truck with attached trailer, or other extension, must not exceed forty (40) feet in length.
13. Food trucks must be self-contained when operating, except for the required trash and/or recycling receptacles, which shall be in contact with the food truck and shall not impede the free movement of automobiles or pedestrians.
14. Food trucks must serve to the sidewalk or esplanade next to a sidewalk when parked in spaces parallel to City sidewalks.

15. Only food and/or non-alcoholic beverages are allowed to be sold on City property.
16. Each food truck vendor must provide the City of Portland with a certificate of insurance to cover public liability in the amount of at least \$400,000.00.
17. The food truck base station must be inspected, and if food is prepared, then it must also be licensed.
18. Food trucks shall comply with the City's noise requirements pursuant to Section 17-20 of the Portland City Code.
19. Failure to adhere to the regulations for food truck is cause for revocation or suspension of your license by Business Licensing pursuant to Chapter 15 of the City Code.
