Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if you are:

- (a) a permanent employee of the City of Portland Public Library working at least 18.75 hours per week;
- (b) an active member of Portland City Council or the Portland Board of Public Education; or
- (c) an employee of the City or the Portland Public Library working an average of 30 hours per week or more, as determined under the standards provided in the Affordable Care Act.

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired or enter an eligible class after the effective date of this plan, your eligibility coverage date is the first day of the month coinciding with or next following the date you are hired.

Obtaining Coverage for Dependents

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.
- Your domestic partner who meets the rules set by your employer.
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for a Domestic Partner

To be eligible for coverage, you and your domestic partner will need to complete and sign an Affidavit of domestic Partnership.

He or she can demonstrate joint responsibility with you by the existence of two or more of the following:

- A. Certified Domestic Partnership Agreement or Relationship Contract
- B. Joint mortgage or joint ownership of primary residence
- C. Two of:
 - 1. Joint ownership of motor vehicle
 - 2. Joint checking account
 - 3. Joint credit account
 - 4. Joint lease
- D. The domestic partner has been designated as a beneficiary for your will, for retirement contract, or life insurance.

Coverage for Dependent Children

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 60 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period,

unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 60 days after birth. To continue coverage after 60 days, you will need to complete a change form and return it to your employer within the 60-day enrollment period.

Late Enrollment

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered **Late Enrollees** if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan’s coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;

- Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
- With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
- You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 60 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 60 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 60 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 60 days of the change. If you do not return the form within 60 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan’s definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 60 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan’s definition of an eligible dependent; and
- You request coverage for the child in writing within 60 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 60-day period.

If you do not request coverage for the child within the 60-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date your enrollment information is received.

If your completed enrollment information is not received within 60 days of your eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 60 days because they may affect your contributions. If you do not report a new dependent within 60 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **network** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. This Plan includes **network providers** that are identified generically throughout the Booklet as **designated network providers** and **non-designated network providers**. The plan pays benefits differently when services and supplies are obtained through **designated network providers, non-designated network providers** or **out-of-network providers** under this plan.

Important Note

Designated network providers and non-designated network providers have contracted with Aetna, an affiliate or third party vendor to provide health care services and supplies to Aetna plan members. Designated network providers and non-designated network providers are generally identified in the printed directory and the on-line version of the directory via DocFind located on the City of Portland’s web-site or your secure member website - Aetna Navigator unless otherwise noted in this section. Out-of-network providers are not listed in the Aetna directory.

Designated network providers: applies to certain primary care providers and specialists only as determined by the City of Portland.

Non-Designated network providers: Applies to all other in-network PCPs, specialists, and professionals who are participating in Aetna's network.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

Designated and Non-Designated Network Providers

This Aetna Choice POS II plan provides preferred benefit coverage and access to certain covered services and supplies through a network of health care providers and facilities that are unique to your plan. The network has been divided into two groups. The two groups of **network providers** are called **designated network providers** and **non-designated network providers** in this plan. This plan is designed to lower your out-of-pocket costs when you use these **designated** and **non-designated network providers** instead of using **out-of-network providers**. Your cost sharing will be lowest when you use the **designated network providers**. Both groups of **network providers** are identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com. Please be sure to look at the appropriate **directory** that applies to your plan, since different **Aetna** plans use different networks of providers. Your Plan includes different benefit levels based upon the type of **network provider** that you use (designated or non-designated) or if you choose to see an **out-of-network** provider.

You also have the choice to access licensed **providers, hospitals** and facilities outside of the networks for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network providers** because the **deductibles, copayments, and payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:

To access network benefits, you are encouraged to select a **Primary Care Physician (PCP)** from **Aetna's** designated or non-designated network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of network providers in your area by using DocFind, **Aetna's** online provider directory at www.aetna.com. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Specialists and Other Network Providers

You may directly access **specialists** and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued.

Accessing Designated and Non-Designated Network Providers and Benefits

- You may select a **PCP** or other direct access designated **network provider** or non-designated network provider from the **Aetna network provider directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at any time.
- If a service or supply you need is covered under this Plan but not available from a **network provider** in your area, your **PCP** may refer you to an **out-of-network provider**. As long as your **PCP** has provided you with a **referral** that has been approved by **Aetna**, you will receive the network benefit level as shown in your *Schedule of Benefits*.
- If a service or supply you need is covered under this Plan but not available from a designated **network provider in your area**, please contact Member Services by email or at the toll-free number on your ID card for assistance.

- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a designated **network provider or non-designated network provider**. These **providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there are no additional out-of-pocket costs to you as a result of a designated **network provider's** or non-designated network provider's failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from a **designated network provider or non-designated network provider**. Your **designated network provider or non-designated network provider** will take care of claim submission. **Aetna** will directly pay the **designated network provider or non-designated network provider** less any cost sharing required by you. You will be responsible for **deductibles, payment percentage and copayments**, if any.
- You may be required to pay some **designated network providers and non-designated network providers** at the time of service. When you pay a **designated network provider or non-designated network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayments, or payment percentage** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Designated network providers and non-designated network providers** have agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from a **designated network provider or non-designated network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles, copayments and payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles and payment percentage** are usually lower when you use **designated network providers and non-designated network providers** than when you use **out-of-network providers**.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist or non-specialist**. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **network provider**. If the provider is a **network specialist**, then the **specialist copayment** will apply.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.

- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible, copayment, or payment percentage** amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- You have the choice to directly access providers that are **out-of-network providers for covered expenses**. You will still be covered when you access these providers for **covered expenses**. Your out-of-pocket costs will generally be much higher than if you accessed **designated network providers** or **non-designated network providers**. Benefits will be subject to the out-of-network benefit levels as shown in your *Schedule of Benefits*. When your medical service is provided at the out-of-network benefit level, the level of reimbursement from the plan for **covered expenses** will usually be much lower. This means your out-of-pocket expenses will generally be much higher.
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from **Aetna**. Your provider may **precertify** the services for you. However, you should verify with **Aetna** prior to the service, that the provider has obtained **precertification** from **Aetna**. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to **Aetna** for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to an **out-of-network provider**.
- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible, or payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note

Failure to **precertify** services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request **precertification**.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. **Cost Sharing** amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount Aetna will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, Aetna will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **designated network providers** and **non-designated network providers**.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

Understanding Precertification

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by Aetna. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows Aetna to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **designated network provider** or **non-designated network provider**. **Designated network providers** and **non-designated network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **designated network provider's** or **non-designated network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from Aetna for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring **precertification** follows on the next page.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You are responsible for obtaining **precertification** for services provided by an **out-of-network provider**. You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify Aetna to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a **hospital**;
- Stays in a **skilled nursing facility**;
- Stays in a **rehabilitation facility**;
- Stays in a **hospice** facility;
- Outpatient **hospice care**;
- Stays in a **Residential Treatment Facility** for treatment of mental disorders and substance abuse;
- **Partial Hospitalization Programs** for mental disorders and substance abuse;
- **Home health care**;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Applied Behavioral Analysis;
- Neuropsychological testing;
- Outpatient detoxification;

- Psychiatric home care services;
- Psychological testing.

How Failure to Precertify Affects Your Benefits

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If precertification is:	then the expenses are:
▪ requested and approved by Aetna .	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.
▪ not requested, but would have been covered if requested.	▪ covered after a precertification benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **deductible** or **payment limit** or **maximum out-of-pocket limit**.

*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.

- If you seek care in an emergency room for a non-emergency condition, the plan will not cover the expenses you incur. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna's online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies and **prescription drugs** must meet all of the following requirements:

1. The service or supply or **prescription drug** must be covered by the plan. For a service or supply or **prescription drug** to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.
2. The service or supply or **prescription drug** must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply or **prescription drug** must be **medically necessary**. To meet this requirement, the medical services, supply or **prescription drug** must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service, supply or **prescription drug** that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient **stay**;
or
- **Homebound**

Covered expenses include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit.

In figuring the Calendar Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

Note: Home short-term physical, speech, or occupational therapy is covered when the above home health care criteria are met. Services are subject to the conditions and limitations listed in the Short Term Rehabilitation Therapies section of the *Schedule of Benefits*.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

Benefits may vary if an **IOE** facility or non-**IOE** or **out-of-network provider** is used. In addition, some expenses are payable only within the **IOE** network. Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your **prescription drug** plan. This Booklet explains:

- Definitions you need to know;
- How to access **network pharmacies** and procedures you need to follow;
- What **prescription drug** expenses are covered and what limits may apply;

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your **prescription drug** plan pays benefits only for **prescription drug** expenses described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive **prescription drugs** that are not or might not be covered benefits under this **prescription drug** plan.
- Store this Booklet in a safe place for future reference.

Notice

The plan does not cover all **prescription drugs**, medications and supplies. Refer to the Limitations section of this coverage and *Exclusions* section of your Booklet.

- **Covered expenses** are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- **Injectable prescription drug** refills will only be covered when obtained through **Aetna’s specialty pharmacy network**.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the *Glossary* at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the *Glossary*.

Brand-Named Prescription Drug is a **prescription drug** with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by **Aetna**.

Generic Prescription Drug is a **prescription drug**, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by **Aetna**.

Network pharmacy is a description of a retail, **mail order or specialty pharmacy** that has entered into a contractual agreement with **Aetna**, an affiliate, or a third party vendor, for the provision of **covered services** to you and your covered dependents. The appropriate **pharmacy** type may also be substituted for the word **pharmacy**. (E.g. **network retail pharmacy, network mail order pharmacy or specialty pharmacy network**).

Non-Preferred Drug (Non-Formulary) is a **brand-named prescription drug** or **generic prescription drug** that does not appear on the **preferred drug guide**.

Out-of-network pharmacy is a description of a **pharmacy** that has not contracted with **Aetna**, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a **brand-named prescription drug** or **generic prescription drug** that appears on the **preferred drug guide**.

Preferred Drug Guide is a listing of **prescription drugs** established by **Aetna** or an affiliate, which includes both **brand-named prescription drugs** and **generic prescription drugs**. This list is subject to periodic review and modification by **Aetna**. A copy of the **preferred drug guide** will be available upon your request or may be accessed on the **Aetna** website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded **prescription** which, by State or Federal Law, may be dispensed only by **prescription** and which is required by Federal Law to be labeled “Caution: Federal Law prohibits dispensing without prescription.” This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to **covered benefits** through a network of pharmacies, vendors or suppliers. **Aetna** has contracted for these **network pharmacies** to provide **prescription drugs** and other supplies to you.

Obtaining your benefits through **network pharmacies** has many advantages. Your out-of-pocket costs may vary between **network** and **out-of-network benefits**. Benefits and cost sharing may also vary by the type of **network pharmacy** where you obtain your **prescription drug** and whether or not you purchase a brand-name or generic drug. **Network pharmacies** include retail, mail order and specialty pharmacies.

Accessing Network Pharmacies and Benefits

You may select a **network pharmacy** from Aetna’s on-line provider directory which can be found at www.aetna.com. You can search **Aetna**’s online directory, DocFind, for names and locations of **network pharmacies**. If you cannot locate a **network pharmacy** in your area, call Member Services at the number on your ID card.

You must present your ID card to the **network pharmacy** every time you get a **prescription** filled to be eligible for **network pharmacy benefits**. The **network pharmacy** will calculate your claim online. You will pay any **deductible**, **copayment** or **coinsurance** directly to the **network pharmacy**. You do not have to complete or submit claim forms. The **network pharmacy** will take care of claim submission.

Emergency Prescriptions

When you need a **prescription** filled in an emergency or urgent care situation, or when you are traveling, you can obtain **network pharmacy** benefits by filling your **prescription** at any **network pharmacy**. The **network pharmacy** will fill your **prescription** and only charge you your plan’s cost sharing amount.

If you access an **out-of-network pharmacy** you will pay the full cost of the **prescription** and will need to file a claim for reimbursement. You will be reimbursed for your **covered expenses** up to the cost of the **prescription** less your plan's cost sharing for **network pharmacy** benefits.

Availability of Providers

Aetna cannot guarantee the availability or continued network participation of a particular **pharmacy**. Either Aetna or any **network pharmacy** may terminate the provider contract.

Cost Sharing for Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the **copayment** for each **prescription** or refill as specified in the *Schedule of Benefits*. The **copayment** is payable directly to the **network pharmacy** at the time the **prescription** is dispensed.
- After you pay the applicable **copayment**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your **payment percentage** is determined by applying the applicable **payment percentage** to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. When you obtain your **prescription drugs** through a **network pharmacy**, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy

You can directly access an out-of-network **pharmacy** to obtain covered outpatient **prescription drugs**. You will pay the **pharmacy** for your **prescription drugs** at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an out-of-network **pharmacy**. The Plan will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your payment percentage share is based on the **recognized charge**. If the **out-of-network pharmacy** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.

What the Plan Covers

Your prescription drug benefit coverage is based on Aetna's **preferred drug guide**. Your out-of-pocket expenses may be higher if your **physician** prescribes a covered **prescription drug** not appearing on the **preferred drug guide**.

Preferred generic prescription drugs may be substituted by your pharmacist for **brand-name prescription drugs**. You may minimize your out-of-pocket expenses by selecting a **generic prescription drug** when available.

Coverage of **prescription drugs** may, in Aetna's sole discretion, be subject to **precertification**, **step therapy** or other Aetna requirements or limitations. **Prescription drugs** covered by this plan are subject to drug and narcotic utilization review by Aetna, your **provider** and/or your **network pharmacy**. This may include limiting access of **prescription drugs prescribed** by a specific **provider**. Such limitation may be enforced in the event that Aetna identifies an unusual pattern of claims for **covered expenses**.

Coverage for **prescription drugs** and supplies is limited to the supply limits as described below.

The plan will not cover the **step therapy** drug if you do not try a prerequisite therapy **prescription drug** first or if your **prescriber** does not get a medical exception.

Step therapy and prerequisite therapy **prescription drugs** are on the **Aetna preferred drug guide** available upon request or on your Aetna Navigator secure member website at www.aetna.com. The list of **step therapy** drugs are subject to change by **Aetna**.

Medical Exceptions:

Your **prescriber** may seek a medical exception to obtain coverage for drugs for which coverage is denied through **Precertification** or **Step Therapy**. You or your **prescriber** must submit such exception requests to Aetna. Coverage granted as a result of a medical exception shall be based on an individual, case by case **medical necessity** determination and coverage will not apply or extend to other covered persons.

Pharmacy Benefit Limitations

A **network pharmacy** may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

The plan will not cover expenses for any **prescription drug** for which the actual charge to you is less than the required **copayment** or **deductible**, or for any **prescription drug** for which no charge is made to you.

You will be charged the **out-of-network prescription drug cost sharing** for **prescription drugs** recently approved by the FDA, but which have not yet been reviewed by the Aetna Health Pharmacy Management Department and Therapeutics Committee.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer’s product on the **preferred drug list** when the same or similar drug (that, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the **preferred drug list** when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our **preferred drug list** will be covered at the applicable **copayment** or **coinsurance**.

The number of **copayments/deductibles** you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per calendar year.

Some **prescription drugs** are subject to quantity limits. These quantity limits help your **prescriber** and pharmacist check that your **prescription drug** is used correctly and safely. **Aetna** relies on medical guidelines, FDA-approved recommendations from drug makers and other criteria developed by **Aetna** to set these quantity limits. The quantity limit may restrict either the amount dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to 100 units excluding insulin dispensed per **prescription** order or refill.

Any **prescription drug** that has duration of action extending beyond one (1) month shall require the number of **copayments** per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) **copayments**.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are eligible health services, but are limited to one (1) **prescription** order per contract year.

When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies **Aetna** that your employment is ended.

It is your employer's responsibility to let **Aetna** know when your employment ends.

Your Proof of Prior Medical Coverage

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of **creditable coverage** when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of **creditable coverage**.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership. In that event, you should provide your Employer a completed and signed Declaration of Termination of Domestic Partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 60 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Return from Military Service

If an employee returns to active full-time employment following a military call up to active duty, the waiting period for new employees will not apply. All benefits defined in this Booklet will be restored to their status as of the employee's last day worked, provided the employee applies for re-employment within the timeframe defined under the Uniformed Services Employment and Reemployment Act, as amended. Coverage under this Plan will be effective on the date the reservist returns to full-time active employment.

COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a "qualifying event" that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

By law, COBRA continuation coverage does not apply to the Domestic Partner of an employee who is not the employee’s legal spouse, or to the child of an employee’s Domestic Partner who is not the employee’s Dependent child for federal income tax purposes. The employer has chosen, however, to extend COBRA coverage to the Domestic Partners of employees, and the children of Domestic Partners who are covered by the Plan who would lose coverage under the Plan due to a COBRA qualifying event. The filing of a Termination of Domestic Partnership will provide maximum continuation period of 36 months, similar to marriage is annulled, divorce or legal separation.

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.

- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Contributions For Continuation Coverage

Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional contributions for continuation are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Conversion from a Group to an Individual Plan

You may be eligible to apply for an individual health plan without providing proof of good health:

- At the termination of employment.
- When loss of coverage under the group plan occurs.
- When loss of dependent status occurs.
- At the end of the maximum health coverage continuation period.

The individual policy will not provide the same coverage as the former group plan offered by your employer. Certain benefits may not be available. You will be required to pay the associated contribution costs for the coverage. For additional conversion information, contact your employer or call the toll-free number on your member ID card.

Continuation of Coverage Due To Military Service

In the event you are no longer actively at work due to military service in the Armed Forces of the United States, you may elect to continue health coverage for yourself and your Dependents (if any) under this Plan in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

Military service means performance of duty on a voluntary or involuntary basis, and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

You may elect to continue to cover yourself and your eligible Dependents (if any) under this Plan and upon payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active employee contributions, if any, for continuation of health coverage. If continuation is elected under this provision, the maximum period of health coverage under this Plan shall be the lesser of:

- The 18-month period (24 months if continuation is elected on or after 12/10/2004) beginning on the first date of your absence from work; or
- The day after the date on which you fail to apply for or return to a position of employment.

Regardless whether you continue your health coverage, if you return to your position of employment your health coverage and that of your eligible Dependents (if any) may be reinstated under this plan.

Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to This Plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This Plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan's payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile "no-fault" and traditional automobile "fault" type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the contract that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First

When two or more **plans** pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:
 1. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 2. Child Covered Under More than One Plan. The order of benefits when a child is covered by more than one **plan** is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the **custodial parent**;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. Active Employee or Retired or Laid off Employee. The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
4. Continuation Coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of this plan, the amount normally reimbursed for covered benefits or expenses under this plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under this plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of this plan and another plan both agree that this plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

Which Plan Pays First
How Coordination with Medicare Works
What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease
- Not covered under it because you:
 1. Refused it;
 2. Dropped it; or
 3. Failed to make a proper request for it.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna's contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter's services on an in-network basis.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq.*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 365 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 12 months after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue

Effect of Benefits Under Other Plans

Effect of A Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care, if any,) on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment**, **payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claims, Appeals and External Review

Definitions

Adverse Benefit Determination (Decision): A denial; reduction; termination of; or failure to; provide or make payment (in whole or in part) for a service, supply or benefit. The term "adverse benefit determination" includes both an adverse health care treatment (medical) decision and an adverse (non-medical) benefit determination.

Such adverse benefit determination may be based on:

- Your eligibility for coverage.
- Coverage determinations, including plan limitations or exclusions (including a preexisting condition limitation).
- The results of any Utilization Review activities.
- A decision that the service or supply is experimental or investigational.
- A decision that the service or supply is not medically necessary.

As to **medical and prescription drug** claims only, an adverse benefit determination also means the termination of your coverage back to the original effective date (rescission) as it applies under any rescission of coverage provision of the Agreement or the Booklet

An adverse health care treatment decision is a health care treatment decision made by or on behalf of Aetna denying in whole or in part payment for or provision of otherwise covered services requested by you or on your behalf.

A health care treatment decision is a decision regarding diagnosis, care, or treatment when medical services are provided by a health plan, or a benefits decision involving determinations regarding **medically necessary** health care, preexisting condition determinations and determinations regarding experimental or investigational services.

Appeal: An oral or written request to Aetna to reconsider an adverse benefit determination.

Complaint: Any oral or written expression of dissatisfaction about quality of care or the operation of the Plan.

Concurrent Care Claim Extension: A request to extend a course of treatment that was previously approved.

Concurrent Care Claim Reduction or Termination: A decision to reduce or terminate a course of treatment that was previously approved.

External Review: A review of an adverse benefit determination or a final adverse benefit determination by an Independent Review Organization/External Review Organization (ERO) under contract with the Maine Bureau of Insurance.

Final Adverse Benefit Determination: An adverse benefit determination that has been upheld by Aetna at the exhaustion of the appeals process

Pre-service Claim or Prospective Review: Any medical care or treatment that requires approval (utilization review) before the medical care or treatment is received.

Retrospective Claim: A review of medical necessity conducted after medical care, treatment or services have been received. It does not include the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding or adjudication of payment.

Urgent Care Claim: Any claim for medical care or treatment in which a delay in treatment could:

- seriously jeopardize your life or health;
- jeopardize your ability to regain maximum function;
- cause you to suffer severe pain that cannot be adequately managed without the requested medical care or treatment; or
- in the case of a pregnant woman, cause serious jeopardy to the health of the fetus.

Full and Fair Review of Claim Determinations and Appeals

As to **medical and prescription drug** claims and **appeals** only, Aetna will provide you with any new or additional evidence considered and rationale, relied upon, or generated by us in connection with the claim at issue. This will be

provided to you in advance of the date on which the notice of the final **adverse benefit determination** is required to be provided so that you may respond prior to that date.

Prior to issuing a final adverse benefit determination based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which notice of final adverse determination is required.

Claim Determinations – Group Health Coverage

Notice of a claim benefit decision will be provided to you in accordance with the guidelines and timelines provided below. As to **medical and prescription drug** claims only, if Aetna makes an **adverse benefit determination**, written notice will be provided to you, or in the case of a concurrent care claim, to your provider.

Urgent Care Claims

Aetna will notify you of an urgent care claim decision as soon as possible, but not later than 48 hours after the claim is made.

If more information is needed to make an urgent care claim decision, Aetna will notify the claimant within 48 hours of receipt of the claim. The claimant has 48 hours after receiving such notice to provide Aetna with the additional information. Aetna will notify the claimant within 48 hours of the earlier to occur:

- the receipt of the additional information; or
- the end of the 48 hour period given the physician to provide Aetna with the information.

Pre-Service Claims or Prospective Review

Aetna will notify you of a **pre-service** claim or **prospective review** decision for non-urgent services after the claim is made as soon as possible, but not later than 2 working days after obtaining all necessary information. Aetna will not later render an adverse decision with respect to any pre-authorized services except if fraudulent or materially incorrect information was provided at the time the services were pre-authorized, and such information was used in pre-authorizing the services.

Retrospective Claims

Aetna will notify you of a retrospective claim decision after the claim is made as soon as possible, but not later than 30 calendar days after obtaining all necessary information.

Concurrent Care Claim Extension

Following a request for a concurrent care claim extension, Aetna will notify you of a claim decision within one working day after obtaining all necessary information.

Concurrent Care Claim Reduction or Termination

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

As to **medical and prescription drug** claims only, if you file an appeal, coverage under the plan will continue for the previously approved course of treatment until a final appeal decision is rendered. During this continuation period, you are responsible for any copayments; coinsurance; and deductibles; that apply to the services; supplies; and treatment; that are rendered in connection with the claim that is under appeal. If Aetna's initial claim decision is

upheld in the final appeal decision, you will be responsible for all charges incurred for services; supplies; and treatment; received during this continuation period.

Complaints

If you are dissatisfied with the service you receive from the Plan or want to complain about a network provider you must call or write Member Services. The complaint must include a detailed description of the matter and include copies of any records or documents that you think are relevant to the matter. **Aetna** will review the information and provide you with a written response within 30 calendar days of the receipt of the complaint, unless more information is needed and it cannot be obtained within this period. The notice of the decision will tell you what you need to do to seek an additional review.

Appeals of Adverse Benefit Determinations

You may submit an appeal if Aetna gives notice of an **adverse benefit determination**. This Plan provides for two levels of appeal. As to medical and prescription drug claims only, a final adverse benefit determination notice may also provide an option to request an External Review.

You have 180 calendar days with respect to adverse benefit determinations of Group Health Claims following the receipt of notice of an adverse benefit determination to request your Level One Appeal. You may file beyond 180 days if the delay in filing is reasonable under the circumstances and no prejudice to the Plan is attributable to the delay. Your appeal may be submitted orally or in writing and must include:

- Your name.
- The Employer's name.
- A copy of Aetna's notice of an adverse benefit determination.
- Your reasons for making the appeal.
- Any other information you would like to have considered.

Send your written appeal to Member Services at the address shown on your ID Card, or call in your appeal to Member Services using the telephone number shown on your ID Card.

You may also choose to have another person (an authorized representative) make the appeal on your behalf. You must provide written consent to Aetna.

As to medical and prescription drug claims only, you may be allowed to provide evidence or testimony during the appeal process in accordance with the guidelines established by State and Federal law.

Level One Appeal – Adverse Benefit Determination (Group Health Claims)

A review of a Level One Appeal of an adverse benefit determination shall be provided by Aetna personnel. They shall not have been involved in making the adverse benefit determination. Except for Urgent Care Claims, an acknowledgement letter will be sent to you within three (3) working days of Aetna's receipt of the appeal. The letter will contain the name; address; and telephone number of the Appeal Coordinator assigned to review the appeal. If the appeal concerns medical necessity; appropriateness; health care setting; level of care; or effectiveness the Coordinator will be a clinical peer health care professional. If the letter requests additional information, it must be sent to Aetna within the next 15 days.

Urgent Care Claims

Aetna shall issue a decision within 36 hours or sooner as needed following receipt of the request for an **appeal**.

Pre-Service Claims or Prospective Review

Aetna shall issue a decision within 15 calendar days of receipt of the request for an appeal or receipt of any additional information requested.

Concurrent Care Claim Reduction or Termination

Aetna shall issue a decision within one working day of the request for an appeal or receipt of any additional information requested.

Retrospective Claims

Aetna shall issue a decision within 30 calendar days of receipt of the request for an appeal or receipt of any additional information requested. Aetna will notify you in writing within 5 working days after making the determination.

If Aetna's final decision is an adverse decision, it will contain:

- The names; titles; and qualifying credentials of the person(s) involved in the review; A statement of the Coordinator's understanding of the Appeal; and all pertinent facts;
- The specific plan provisions upon which the decision is based.
- The Coordinator's basis for the decision in clear terms;
- A reference to the evidence; or documentation; used as the basis for the decision; and instructions for requesting copies of such materials;
- A notice of your right to contact the Maine Bureau of Insurance, including the address and telephone number of the Bureau;
- A description of the process to obtain a level two Appeal (including the rights; procedures; and time frames that govern such an **appeal**).
- The availability of any applicable office of health insurance consumer assistance or ombudsman established under the federal Affordable Care Act;
- Notice of the right to file a complaint with the Bureau of Insurance after exhausting any appeals under a carrier's internal review process;
- Any other information required pursuant to the federal Affordable Care Act.

Level Two Appeal – Adverse Benefit Determination (Group Health Claims)

If Aetna upholds an adverse benefit determination at the first level of appeal, you or your authorized representative has the right to file a Level Two Appeal. The appeal must be submitted following the receipt of notice of a Level One Appeal decision.

A Level Two Appeal of a decision involving an Urgent Care Claim, or a claim involving medical necessity; appropriateness; health care setting; level of care; or effectiveness; shall be provided by the Aetna Appeals Committee. The majority of the Committee will be made up of persons not previously involved in the Appeal. However, a person who was previously involved in the Appeal may be a member of the Committee. Such person may also appear before the Committee to present information or answer questions. The Committee must include one or more clinical peer health care professionals who were not previously involved in the Appeal, who are not a subordinate of a person involved in the Appeal, and who have no financial or other personal interest in the outcome of the review. The Level Two Appeal decision must have the concurrence of the majority of such clinical peer health care professionals.

If you ask to appear in person before the Committee, the Committee will notify you in writing 15 days in advance of the hearing date. The notice will also advise you if an attorney will be present to argue Aetna's case against you. Aetna will also advise you of your right to have a representative assist you with your appeal. One will not be provided by Aetna. The hearing will be held during regular business hours. Exhaustion of Process

You must exhaust the applicable Level One and Level Two processes of the Appeal Procedure before you can establish any:

litigation;

arbitration; or

administrative proceeding;

regarding an alleged breach of the policy terms by **Aetna** or any matter within the scope of the Appeals Procedure.

As to **medical and prescription drug** claims only, under certain circumstances you may seek simultaneous review through the internal **Appeals** Procedure and **External Review** processes—these include **Urgent Care Claims** and situations where you are receiving an ongoing course of treatment. Exhaustion of the applicable process of the Appeal Procedure is not required under these circumstances.

Important Note:

As to **medical and prescription drug** claims only, if **Aetna** does not adhere to all **adverse benefit determination** and appeal requirements (including required timeframes for issuing decisions) of the state of Maine and of the Federal Department of Health and Human Services, you are considered to have exhausted the appeal requirements and may proceed with **External Review** or any of the actions mentioned above. There are limits, though, on what sends a claim or an appeal straight to an **External Review**. Your claim or internal appeal will not go straight to **External Review** if: a rule violation was minor and isn't likely to influence a decision or harm you; it was for a good cause or was beyond **Aetna's** control; and it was part of an ongoing, good faith exchange between you and **Aetna**.

External Review

If Aetna renders a decision resulting in an **Adverse Benefit Determination** you may contact the Maine Bureau of Insurance to request an external review; if you or your provider disagrees with Aetna's decision. An external review is a review by an independent external review organization, who has expertise in the problem or question involved. The Maine Bureau of Insurance oversees the external review process. It also contracts with approved independent review organizations to carry out the external review and render a decision.

You have the right to request an **External Review** if any of the following requirements are met:

- You have received notice of the denial of a claim by an **Adverse Benefit Determination** from **Aetna**; and
- Your claim was denied because Aetna determined that the care was not medically necessary or was experimental or investigational or was due to a preexisting condition; or
- claim denials involving issues of care, treatment or diagnosis; and
- You have exhausted the applicable internal appeal processes.

The adverse benefit determination you receive from Aetna will describe:

- the external review process and the procedure to follow if you wish to pursue an external review;
- your right to get assistance from Aetna to request the external review;
- your right to participate in the external review hearing; submit; and obtain supporting material relating to the adverse decision; ask questions of any Aetna representative; and have outside assistance through an office of health insurance consumer assistance or ombudsman established under the federal Affordable Care Act; and
- your right to seek assistance from; or file a complaint with; the Maine Bureau of Insurance (including the Bureau's address and toll-free number).

You or your authorized representative must send the request for external review in writing to the Maine Bureau of Insurance. The request must be made within 12 months of the date you received the final adverse decision letter from Aetna. You may include a copy of the final adverse decision letter and all other pertinent information that supports your request. You will not be required to pay any fees.

Expedited request for external review: You will not be required to exhaust the applicable internal Appeals process before requesting an external review if:

- Aetna has failed to make a decision within the required time period; or
- You and Aetna agree to bypass the internal Appeals procedure; or
- Your life or health is in serious jeopardy; or
- You have died.

The Maine Bureau of Insurance will contact the external review organization that will conduct the review of your claim. The external review organization will select an independent physician with appropriate expertise to perform the review. In making a decision, the external review organization will consider how appropriate the service is based on:

- All relevant clinical information relating to your physical and mental condition;
- Any concerns you have voiced about your health status;
- All relevant clinical standards, including but not limited to, those standards and guidelines used by Aetna; and it is medically necessary health care.

"Medically necessary health care" means health care services or products provided to an enrollee for the purpose of preventing, diagnosing or treating an illness, injury or disease or the symptoms of an illness, injury or disease in a manner that is:

- Consistent with generally accepted standards of medical practice;
- Clinically appropriate in terms of type, frequency, extent, site and duration;
- Demonstrated through scientific evidence to be effective in improving health outcomes.
- Representative of "best practices" in the medical profession; and

- Not primarily for the convenience of the member or physician or other health care practitioner.

You will be notified of the decision of the external review organization within 30 calendar days of receipt of your request form and all necessary information from the Maine Bureau of Insurance. If your condition is such that a delay would put in serious jeopardy your life or health or your ability to regain maximum function, a decision will be made no later than 72 hours after receipt of the request.

Aetna will abide by the decision of the External Review Organization.

Aetna is responsible for paying the Maine Bureau of Insurance for the cost of the external review.

For more information about the Appeals Procedure or External Review processes, call the Member Services telephone number shown on your ID card.

Appeal to the Company

You may file a voluntary appeal to the Company of any final standard appeal determination or if you are dissatisfied with the determination made by external review. The “External Review” section above provides more information regarding the external review appeal process.

You must complete all of the levels of standard appeal described above before you can appeal to the Company. Subject to verification procedures that the Plan may establish, your authorized representative may act on your behalf in filing and pursuing this voluntary appeal. You must request this voluntary level of review within 60 days after you receive the final denial notice under the standard appeal processes, described above.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

If you choose to **appeal** to the Company following an **adverse determination** by External Review where applicable or an **adverse determination** at the final level of standard **appeals**, you must do so in writing, and you should send the following information:

- The specific reason(s) for the appeal;
- Copies of all past correspondence with your Health Plan (including any EOBs); and
- Any applicable information that you have not yet sent to your Health Plan.

If you file a voluntary appeal, you will be deemed to authorize the Company to obtain information from your Health Plan relevant to your claim.

Mail your written appeal directly to:

Company Name: City of Portland
Company Address: 389 Congress Street
Portland, ME 04101

The Company will review your appeal. The Company reviewer will evaluate your claim within 60 days after you file your appeal and make a decision. If the reviewer needs more time, the reviewer may take an additional 60-day period. The reviewer will notify you in advance of this extension. The Company reviewer will follow relevant internal rules maintained by the applicable Health Plan to the extent they do not conflict with its own internal guidelines.

The Company reviewer will notify you of the final decision on your appeal electronically or in writing. The written notice will give you the reason for the decision and what Plan provisions apply.

R

Recognized Charge

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above the **recognized charge**. The **recognized charge** may be less than the provider's full charge.

Your plan's **recognized charge** applies to all out-of-network **covered expenses** except out of network **emergency services**. It applies even to charges from an **out-of-network provider** in a **hospital** that is a **network provider**. It also applies when your **PCP** or other **network provider** refers you to an **out-of-network provider**. In all cases, the **recognized charge** is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the **recognized charge** for each service or supply is the lesser of what the **provider** bills and:

- For professional services and for other services or supplies not mentioned below:
 - The reasonable amount rate
- For **prescription drugs**:
 - 110% of the Average wholesale price (AWP)

The **recognized charge** is the **negotiated charge** for **providers** with whom we have a direct contract but are not **network providers** or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of **Aetna**.

If your ID card displays the National Advantage Program (NAP) logo, the **recognized charge** is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP **providers**, except for **emergency services**.

A NAP **provider** is a **provider** with whom we have a contract through any third party that is not an affiliate of **Aetna** or through the Coventry National or First Health Networks. However, a NAP **provider** listed in the NAP directory is not a **network provider**.

We have the right to apply **Aetna** reimbursement policies. Those policies may further reduce the **recognized charge**. These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used

Average wholesale price (AWP), Geographic area, and Reasonable amount rate are defined as follows:

Average wholesale price (AWP)

Is the current average wholesale price of a **prescription drug** listed in the Medi-span weekly price updates (or any other similar publication chosen by **Aetna**).

Geographic area

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Reasonable amount rate:

There is not a single "reasonable" amount. Your plan establishes the "reasonable" amounts as follows:

- For professional services:
 - The 80th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the **recognized charge** on the Medicare allowable rate.

Additional information:

Get the most value out of your benefits. Use the “Estimate the Cost of Care” tool on Aetna Navigator® to help decide whether to get care in network or out-of-network. Aetna’s secure member website at www.aetna.com may contain additional information which may help you determine the cost of a service or supply. Log on to Aetna Navigator® to access the “Estimate the Cost of Care” feature. Within this feature, view our “Cost of Care” and “Member Payment Estimator” tools.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, http://www.dol.gov/ebsa/consumer_info_health.html.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
