The 2030 Comprehensive plan lists the following strategy: Full Service City: 2. Provide services to all residents. <p><b>Economic Opportunity:</b></p> <p><i>Description:</i> Portland has a well-developed employment support system with many established providers. However, the system is fragmented, providers work in silos, there is insufficient funding to cover needs of potential workers, and career planning and financial stability are often prioritized less than job placement. Employment retention support is scarce and turnover results in economic uncertainty for employees and higher costs for employers.</p> <p><i>Basis for Relative priority:</i> In 2014, the Portland City Council identified the following goal: Promote Economic Development in the City in a manner that provides for increased property values, diversification across industry sectors and high paying jobs. Specifically, as it relates to HUD programming and objectives, the Council further identified the need to advance work on the “Minority and Women-owned Business Development Initiative” and secure City Council approval to invest CDBG funds in workforce development.</p> <p>Resources:  <i>Portland Economic Development Vision and Plan</i>  Portland Community Chamber of Commerce:  <i>Portland’s Economic Scorecard 2014-2015</i>  Muskie School of Public Service: <i>The State of Infant Pre-K Childcare in Portland, Maine 2015</i>  GPCOG <i>2014-2018 Economic Development Action Plan</i></p>	<p><b>Create economic opportunities to transition people out of poverty:</b></p> <p><i>Description:</i> Invest in Portland businesses to enable them to expand to create jobs. <p><b>Address the Needs for Growing Homeless Population:</b></p> <p><i>Description:</i> The shelter system in Portland is beyond capacity. Staff and local organizations struggle to deal with overflow strategies to meet increasing need. Data suggests most persons who are homeless stay at the shelter less than three weeks. Homeless Prevention and Rapid Rehousing are key components to help reduce shelter usage and homelessness. Additionally increased case management is needed for those who have mental illness and substance abuse issues to help them navigate the service delivery system. Additionally, the State of Maine will be reducing funding support and increase documentation requirements for those staying at the shelter, making it more difficult to serve those most in need.</p> <p><i>Basis for Relative priority:</i> In 2014 the Portland City Council identified the goal: Prevent and end homelessness in the city of Portland by continuing to implement the recommendations of the Homelessness Task Force, including retooling the emergency shelter system to create centralized intake process and evaluate steps to improve efficiency, prevent homelessness and rapidly rehouse those who become homeless to avoid long term stays in the shelters, and increase case management for persons with mental illness and substance abuse to help navigate the service delivery system.</p> <p>Resource: <i>Report of the Task Force to Develop a Strategic Plan to Prevent &amp; End Homelessness in Portland, Nov. 2012.</i></p>	<p><b>Prevent and Reduce Homelessness:</b></p> <p><i>Description:</i> Prevent individuals and families from becoming homeless and entering into the shelter system.
