IN-KIND CONTRIBUTIONS**

- In-kind contributions are goods and services (including facilities) that a committee received at no cost or at a cost less than the fair market value. They include all goods and services purchased for the committee by others if the committee does not expect to reimburse the person who made the purchase.
- For contributors who gave more than \$50, the committee must report the contributor's name, address, occupation, and employer.
- If employment information has been requested from the contributor and the contributor has not provided it, indicate "information requested" for the occupation and employer.
- For contributions totaling \$50 or less, please enter "unitemized contributions" as the contributor and the total amount and the appropriate key code on a line on this page. Once a contributor has given the committee more than \$100 in a report period, you must list that contributor separately.

- This schedule is a list of all debts and obligations of the committee as of the end of this reporting period. When the obligation has been paid, the expenditure (i.e., the actual payment) must be reported on Schedule B.
- If the committee has not received a bill for goods or services, contact the vendor to obtain the amount owed. If it is impossible to verify the amount of the debt, enter an estimated amount and indicate that the amount is estimated in the purpose section.
